WHAT IS THIS?

Youth Vital Signs is a quick snapshot of what Calgary youth (12-20 years old) think about their city. This youth-driven report combines results from an opinion survey with timely and relevant research in ten key issue areas.

AND THE POINT IS...

Youth engagement can only happen when youth voices are heard! Youth Central and The Calgary Foundation launched Youth Vital Signs to support positive leadership and development opportunities for youth to influence change, expand their understanding, and take action in their home, school, and community.

B

HOW CALGARY YOUTH RATED THEIR QUALITY OF LIFE

Calgary is a great place to be a youth, according to 56% of survey respondents. The majority also rate their physical (66%) and mental (57%) well-being as high.

HIGHLIGHTS

C+

IDENTITY & BELONGING

Youth told us that there is a growing sense of belonging and increase in opportunities to embrace cultural differences. One area of research was less positive...the dropout rate for Alberta ESL learners is more than double the average.

B

EDUCATION & LEARNING

The bulk of graders were 15 to 17 and looking ahead to graduation from high school. One of their priorities was more funding options for post secondary education, understandable when Alberta's post secondary tuition fees sit at \$5,662, above the Canadian average of \$5,366.

B-

HEALTH & SAFETY

Youth crime rates continue to decrease in Calgary, with the total youth crime rate dropping by 33% between 2006 and 2010.

C+

TRANSPORTATION

Youth continue to report that transportation is one of the top areas of concern. A youth monthly transit pass is more expensive than in Winnipeg, Montreal and Vancouver.

C+

YOUTH VOICE

72% of survey respondents indicate they have volunteered within the last year. Alberta-wide, statistics show that 66% of youth aged 15-19 volunteered in 2010.

2010 GRADE: B-

YOUTH VITAL SIGNS IS A PROJECT OF:

The Calgary Foundation, established in 1955, helps create a giving and caring community by identifying needs, convening groups around common concerns, making knowledgeable grants and facilitating philanthropy for the long term benefit of Calgary and area.

Youth Central aims to inspire, engage and celebrate youth through community participation. This vision is based on the belief that young people who experience philanthropy at an early age have an ongoing sense of responsibility to their community. Youth Central envisions a society where all youth participate in shaping a vibrant community.
