

Bradley Hillmo Anderson

Bradley Hillmo Anderson Memorial Award

The Bradley Hillmo Anderson Memorial Award was established in 2001 in memory of Bradley Hillmo Anderson.

Brad graduated from William Aberhart High School and was enthusiastic about his recent enrolment in Business at Mount Royal University (then Mount Royal College). He was a free spirit who pursued life with vigor, taking part in family events and participating in activities with his many friends.

Resourceful and entrepreneurial, Brad's creativity brought to life many business ideas, new opportunities, and exciting adventures. Brad was very much his own man who involved himself with social issues and enjoyed nothing more than engaging in serious discussions with friends on a myriad of subjects.

Sailing held a special place in the Anderson family's lives; Brad enjoyed sailing on the Glenmore Reservoir with his dad and brother, serving as foredeck crew during race days with the Glenmore Sailing Club, and yachting during family summer vacations on Vancouver Island.

In Brad's memory, the Bradley Hillmo Anderson Memorial Award supports students in their post-secondary endeavors.
