About Strategic Opportunity Grants

Strategic Opportunity Grants support small to mid-sized (up to \$8MM annual operating budget) Calgary and area¹ qualified donees with small, short term, strategic initiatives that fall into one of two categories:

- **Organisation Development** – When charities identify an opportunity to bring outside expertise into the organization in order to build capacity, strengthen board governance; or support professional development.
- **Program Development**– When charities identify an opportunity to strategically advance their work by piloting a new program idea, testing an innovative enhancement to current program offerings, or improving outcomes for program participants.
